Subject: My frozen accounts

To Whom It May Concern,

Without any knowledge or notice to me, my bank account, credit line and credit card have been frozen. Please provide me with the legal authority under which you have done this.

I have been banking with your institution for many years and have had nothing but positive experiences with your institution.

I have copied my lawyers on this email. Please ensure that you copy them on your response. Your prompt attention to this is appreciated.

Thank you

Benjamin
